SEASONAL PRODUCTION AND DELIVERY SCHEDULE

Many of the items created for our layettes are made of the same weight fabric all year round. This schedule is an attempt to help the volunteers who make seasonal items such as fleece sweat suits or holiday themed garments plan their seasonal sewing so that it gets to the babies at the appropriate time. It often takes several months for items to move through our pipeline and into the completed layettes. Completed ready to use/wear items turned in at the beginning of month will usually be put into layettes and delivered at the end of the month. Those that need fasteners take another month or two before they make it into layettes.
